

SoccerExperience

Come and watch free of charge a full weekend of non stop soccer action including ex super stars, social masters players traveling in from the UK and beyond just for the weekend tournament and also come by and watch the local Tenerife based weekly Soccer Experience 7s Masters Players

Soccer Experience International Masters Tournament Friday 13th, Saturday 14th & Sunday 15th November 2009

Tournament at Las Torres Stadium, Adeje, Southern
TenerifeTF1 exit 79B for Las Nieves / Los Olivos (same exit
as Hiper Trebol, Adeje)

This year looks like it will be even bigger and better than the previous year's tournaments. We have had chats with a number of our ex pro friends who have advised they are very excited and looking forward to come and play in our tournament in Tenerife this November e.g. ex players like the one and only Bruce Grobbelaar who was a huge hit with the fans in 2007, so if you did not get his autograph then get your pen ready as Bruce plans to play in sunny Tenerife once more.

Ali Mauchlen is now the only person to win the Tenerife tournament two years running and Ali has told Soccer Experience recently whilst in Hong Kong playing that he is "gunning for a hat-trick." Ali won last year with his good friends the Sky Sports Masters winners Leicester City Team with Muzzy Izzet, Gerry Taggart and co. They are training regularly and will be very tough to beat.

SOCCER EXPERIENCE CHAMPIONS 2008, LEICESTER CITY MASTERS.

There will be competition however as Darren Jackson, Johan Mjallby are wanting revenge after being beaten in the final! The BHOYS want the trophy this year!

A major compliment to the standard of play at our Soccer Experience tournament in Tenerife is that both Leicester and Celtic Masters have just won their regional tournaments in the SKY SPORTS 2009 TOURNAMENT

Some other ex pro teams hoping to come and play this year is the Southampton old boys including the likes of David Howells and Rod Wallace. Hoping to come back if his knee is ready will be Spanish legend "Nayim" and another player to watch out for this year will be ex West Ham super star and who was also club and N. Ireland National team captain Steve Lomas. Marcus Gayle wants the top goalscorer award again and he will play alongside FA Cup winner from the crazy gang Wimbledon team Carlton Fairweather.

Kerrso's Scotland's Finest before playing against the likes of Marcus Gayle, Nayim, Carlton Fairweather and others during the 2008 Tournament.

The All-Star teams play against Tenerife Soccer Experience 7's league teams and also this year we will have many more traveling international teams flying in just for the tournament weekend:

Big Paddy Arbuckle's Strabane Olympic are coming back from N. Ireland, Representing Scotland will be a team that Carlo Walker and John Given have been working on all year to give Scotland's Finest team a real chance of winning, also Big Tommy's Melville's Glasgow gang fancy their chances and also ex Celtic Legends team member from last year Michael O'Neil is building a new and extremely "experienced slow motion team" from the West of Scotland!

SoccerExperience

Big Paddy's Strathbane Olympic before Celtic Legends (including Johan Mjallby, Tom Boyd, Darren Jackson and others) in 2008.

English teams will be represented by Trevor and the boys from **Chesterfield**. We also have Otch's very strong team from Liverpool who are probably this years favorites to win the Main title as they will include some ex Wigan Athletic professional players! We are also finalizing a team combined from guys flying in from the **Channel Islands and Bolton** to make up the Guernsey / Bolton United team!

Add this to individuals flying in from **Malaysia, Singapore, Denmark, USA** and you will have a very large collection of International slow motion footballers playing together at this years Soccer Experience Tenerife Masters tournament 13th, 14th & 15th November 2009!

Remaining available playing spaces are very limited so if you would like to join an existing team and help add to their squads please advise asap!
